EXECUTIVE SUMMARY

The Opportunity

The Briarwood Reserve (the “Project”) is a multi-phase, three-story, garden-style development. Phase 1 will comprise of 60 units targeted to be developed within 12 months. Phase 2 will follow Phase 1 and will have 84 units built to a similar layout as Phase 1.

The development is strategically located near 69th and Sycamore Ave in the South East submarket of Sioux Falls, SD. The premier location is in close proximity to a planned and funded major intersection that will provide access to the entire eastern and southern portion of the largest metropolitan area in South Dakota.

Each building will consist of 12 units across both phases. The quality but no-frills design reduces construction costs. The phased approach allows significant operating efficiencies pre- and post-construction.

By developing one 12-plex building at a time, we will be in a position to lease up units as they become available. This strategy has been successfully executed at a sister project - Reserve Flats in Brookings, SD.

The major benefits of this strategy:

- Cash flow during construction
- Stronger financing terms for Phase 2 due to increase lender confidence as a result of in-place cash flows from Phase 1
- Ability to refinance Phase 1 quickly upon completion (rates are expected to go come down in 2024)
- Use of refinance proceeds to fully, or partially, fund construction of Phase 2

The last point is especially important. Our internal estimates indicate that we can reduce the required equity across both phases by 30%-50% by refinancing Phase 1 and using the proceeds to fully, or partially, fund Phase 2 (this is not assumed in the underwriting for conservatism). This will results in investors enjoying greater cash flows and equity, over a larger project size, while contributing a lower amount then they would on similar projects.

As a bonus, Phase 1 investors will receive 5% bonus shares that will kick in once Phase 2 starts. This is to reward our investors and ensure that interests are aligned.

Boardwalk Wealth has effectively circumnavigated the challenges heightened during these volatile times by sourcing the attractive piece of land despite ultra-low supply in the luxury niche of the submarket. To further reduce risk, Boardwalk Wealth and Mailbox Money have teamed with Veldhouse Companies to take on the entire entitlement risk by completing zoning, obtaining building permits, and architectural drawings, resulting in a shovel ready project for investors.

EQUITY STRUCTURE

Multiple-Tiered Equity Structure With Bonus Shares That Allows Investors to Match Investment Goals

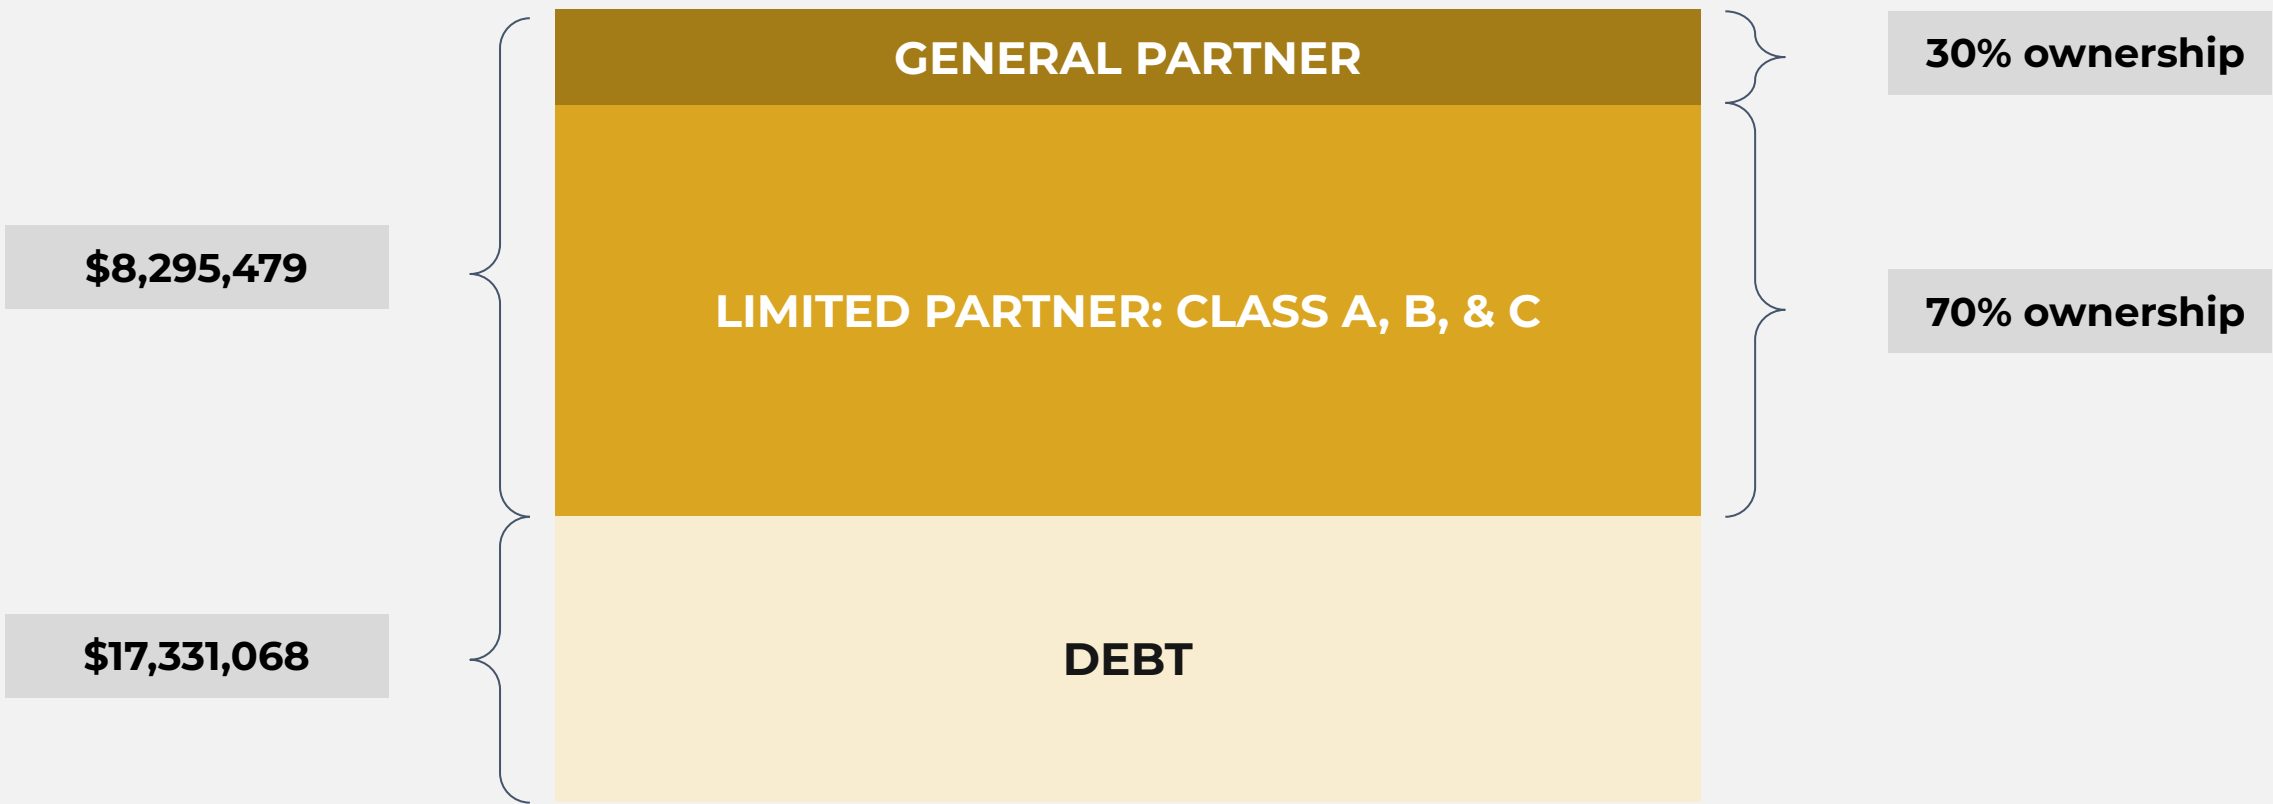

Multiple-Tiered Return Structure: A multiple-tiered return structure gives investors more choices when placing their equity. Investors have the opportunity to invest in either tier of equity Class A, B, C, or a combination of multiple classes. Diversifying across classes allows for a risk adjusted and blended return.

Limited Partner (A, B, & C): To incentivize investors with higher investments each tier has a different preferred return but the same profit split.

- **Class A: \$50K-75K investment, 5% preferred**
- **Class B: \$80K-145K investment, 6% preferred**
- **Class C: \$150K+ investment, 7% preferred**

Phase 1 investors will get 5% bonus shares.

We have limited space in each class of shares so we will accept investors on a first-come, first-serve basis. All tiers are for investors who want to maximize their returns over the life of the investment as they will participate in the upside upon disposition.

He is a graduate from the Rotman School of Business (University of Toronto), and a CFA charter holder with **10+ years** of investing experience across real estate and commodities. As the principal of Boardwalk Wealth, Omar is primarily responsible for developing strong relationships with private and institutional investors, brokers, and strategic partners. He has closed on over **\$280 million** of assets across TX, GA, FL and SD.

MEET THE TEAM

Dusten Hendrickson

Founder, Mailbox Money RE

Dusten is a real estate developer, syndicator, and investor. He has been involved in real estate his whole career: from owning a roofing company, to building homes, duplexes, and apartments. He owns and asset manages 300+ units. In addition, he has worked with historical societies and local councils to develop in revitalized neighborhoods, and has collaborated with the South Dakota State University Dept of Architecture to build the first certified Passive House in the state. As the principal of Mailbox Money, Dusten helps others earn passive income from multifamily investments.

MEET THE TEAM

Caleb Veldhouse

President, Veldhouse Construction

While growing up in Sioux Falls, South Dakota, Caleb worked in almost every facet of the construction industry. After obtaining his MBA and Juris Doctor degrees from the University of South Dakota, he spent time as a law clerk for the South Dakota Supreme Court and held a brief stint in private practice before he went to work full time for the family business. He became President of Veldhouse Construction, Inc.

in 2015, and has managed commercial retail center projects, multi-family senior living facilities, bare ground commercial and residential developments, custom commercial buildings, multi-family double podium + frame construction, and everything in between. Caleb's experience and educational background allow him to swiftly maneuver complex issues with land owners, local governments, tenants, and subcontractors. Caleb specializes in the planning, bare ground development, and management of large commercial projects. As the Principal of Veldhouse Companies, Caleb facilitates and spearheads a development project from site selection to stabilization.

ASSET MANAGEMENT

Rigorous execution of each asset-specific business plan is the focus of Boardwalk Wealth at a corporate level. Primarily, this involves daily monitoring of occupancy and traffic trends, constant deep data analysis identifying patterns and guiding course-correction, full oversight of capex projects, robust reporting to our investors, and cost-segregation analysis.

Through this granular asset management strategy, Boardwalk Wealth provides a thoughtful and transparent investor experience that stimulates value creation and rapid de-risking of investments at the asset level and within the capital structure.

Asset management is targeted and hands-on. Regular initiatives include a comprehensive renovation package tailored to our resident demographic, reserved parking and carports, fenced-in patio yards, the addition of washer-dryer units, new cash flow-producing telecom contracts, and more.

We leverage our extensive network of vendors to achieve scale pricing on goods and services that create value at the asset level. Measures include property tax protesting, portfolio-shared contracts of landscaping and security, green initiatives, and the addition of valet trash to enhance the resident experience.

LEAD DESIGNER AND DEVELOPER

Mailbox Money vertically integrates development, construction, property management, and asset management to add value efficiently and effectively. Acutely aware of the monetary impact each decision makes, we unlock potential with simple and surprising solutions.

Our mission is to make great returns for ourselves, our clients, and our investors by purchasing and improving assets that people want to live in. We add value through low-cost, high-impact design improvements based on the asset at hand.

MAJOR ROLES IN THE ROLLING GREEN PROJECT

- ✓ Lead visionaries on the project; will liaison with/on civil engineering, land development, general contractors, and architect
- ✓ Develop the amenity plan in conjunction with the property manager to execute the business plan pre and post-construction
- ✓ Design, branding, material selection, and staging

GENERAL CONTRACTOR AND DEVELOPER

Veldhouse Companies is a family-owned real estate firm with over 30 years of real estate development and general contracting experience in the greater Sioux Falls area. We spearhead a development project from site selection to stabilization:

- ✓ We work alongside the landowner and local government authority to ensure the project's viability for the real estate at issue.
- ✓ We coordinate construction planning and design with the architect and engineering team during the pre-construction phase.
- ✓ We manage, coordinate, and facilitate the construction with subcontractors and vendors during construction.
- ✓ And finally, we seamlessly hand off the project to the final operator for the project, or operate the property ourselves.

Over the last 5 years, Veldhouse Companies has successfully developed and constructed 40 acres and \$70 million of multi-family, commercial, and single-family development projects

PROPERTY MANAGER

Lloyd Companies was founded as a multi-family property management firm — so you might say it’s in our blood. For more than four decades, we’ve been attending to every detail, big or small, to ensure owners stay profitable and residents stay happy. From curb appeal to strategic financial analysis, trust Lloyd Property Management to ensure your property’s long-term success.

The Lloyds have applied this humble approach to their work for nearly 50 years, propelling Lloyd Companies from a lone multifamily property to what it is today — a full-service development, real estate, construction, property management, hospitality, and apartment company with a portfolio of over 6,000 apartment units and many of the region’s finest office and retail centers.

Headquartered in Sioux Falls, Lloyd Companies continues to be an agent of progress and change in its home city, around South Dakota, and throughout the Midwest.

TAX ADVANTAGES

Depreciation: Depreciation is a reduction in the value of an asset with the passage of time, due to wear and tear. The IRS classifies depreciation as a paper loss which means you do not have to spend money, but still get the expense which can be used to offset taxable income.

Section 199(a): Starting in 2018, taxpayers are allowed a deduction tentatively equal to 20% of their qualified business income. Rental income from real estate investments is considered qualified business income for the deduction.

Appreciation: The IRS does not tax appreciation of a property until you sell. If you hold the property for many years or you refinance the property you get to enjoy the appreciation with minimal tax exposure.

Cash-Out Refinances: This strategy allows you to receive “cash-out” cash from the equity in the investment without tax consequences since the investor is taking out a new loan.

1031 Exchanges: This strategy allows you to sell one property and purchase another property with the funds from the sale without having to pay any taxes.

Cost Segregation Studies: Allows investors to separate personal property assets from real property assets for tax reporting purposes. This allows the personal property assets to be depreciated much quicker than the real property assets creating larger depreciation expenses to offset taxable income.

Capital Gains: Long-Term capital gains rates are taxed less than ordinary income and short-term capital gains rates which allows you to save and invest more of your profit.

Self-Directed IRA of 401(k) Investments: Self-Directed IRAs have all the benefits of a traditional IRA or 401(k) plan, but with self-directed IRAs you can invest in real estate or other assets instead of stocks and bonds.

Death: If you have real estate when you die your heirs receive a step-up in basis which means the property is revalued at your death and they do not owe any taxes on the appreciated value of a property.
